

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF RECLAMATION
COLUMBIA BASIN PROJECT , WASHINGTON

This revision, consisting of a title page, this sheet showing official actions taken with respect to the plat, and the following General Map sheets outlining the farm unit boundaries, together with 5 supplemental sheets showing detailed drawings and descriptions of each farm unit, comprises the Ninth revision of the farm unit plat of Irrigation Block 87 of the Columbia Basin Project, dated September 9, 1953, and filed for record in the County Auditor's office of Grant County, Washington, on September 30, 1953, Auditor's file No. 209900. Previous revisions were made on plats filed September 29, 1954, August 20, 1955, August 20, 1956, August 28, 1957, September 2, 1958, August 10, 1959, August 5, 1960 and September 8, 1961.

The revisions in the farm unit plat, Irrigation Block No. 87 consist of:

Farm Unit	New No.	Dwg. No.	F.U. Bdry. Change	Lateral	Drain	Road	Land Class	Remarks
107		38			X			Realigned
172	270	47	X					Combined with portion of Unit 259
211	273	42	X					" " " " " 212
212		42	X					Eliminated
213	274	42	X					Combined with portion of Unit 212
257	271	47 & 48	X					" " " " " 259
258	272	47	X					" " " " " 259
259		47 & 48	X					Eliminated
		41		X				R/W width corrected adjacent F.U. 163 & 168

The General Map sheets show in tabular form the irrigable area in each farm unit by classes of land and the portions within each farm unit required for rights-of-way or designated as Class 5 (temporarily unproductive), Class 6 (non-irrigable), or "high". The land classes indicated in the tabulation on the maps were designated and established on February 27, 1961 by the Regional Director, Region I, Bureau of Reclamation, for and on behalf of the Secretary of the Interior. Lands in Class 5 are regarded as being temporarily unproductive because of seepage conditions. Lands in Class 6 are regarded as non-irrigable. Lands designated as "high" are regarded as being at an elevation beyond the economical reach of the distribution system being provided for the irrigation block. The State of Washington and appropriate counties have furnished, upon the solicitations of The United States, information showing changes in alignment and rights-of-way for public highways and roads under their jurisdiction. To the extent that it has been practicable so to do, these data have been correctly placed and shown on this revised plat. In the last year of the development period for the block an announcement to the Irrigation District will be issued by the Secretary of the Interior establishing and fixing the irrigable areas and land classes of each farm unit in the block for purposes of water service charges and project construction repayment as provided for in the repayment contract of October 9, 1945 as amended, between The United States of America and the Quincy Columbia Basin Irrigation District, recorded in Grant County Washington, in Volume I of Columbia Basin Documents, pages 1 to 61 inclusive.

In considering these revisions, investigations and studies were made of the lands in the block and the project as a whole with the object of determining the area, shape and boundaries of the various farm units in this block, having in mind the requirements of the Columbia Basin Project Act (57 Stat. 14) and of Chapter 275, Laws of Washington, 1943, as amended, and of the policies established thereunder by the Secretary of the Interior. Based on these studies and investigations and all relevant data brought forward since the filing of the farm unit plat, I find that the units as herein revised are of sufficient acreage for the support of an average-sized family at a suitable living level and have appropriate shapes and boundaries, having in mind the character of the soil, topography, location with respect to the irrigation system, and all other factors that are relevant to the determination of the area and boundaries of the farm units. Accordingly, acting pursuant to the authority delegated to the Commissioner of Reclamation by the Secretary of the Interior, as shown by Departmental Order 2765, dated July 30, 1954 and redelegated to me by the Commissioner of Reclamation by Commissioner's Order 34, dated October 6, 1954, and Commissioner's Order 34 Amendment 1, dated October 29, 1954, all as recorded in the Auditor's office of Grant County, Washington, in Volume 2T of Columbia Basin Documents at page 699, and pursuant to the provisions of the Columbia Basin Project Act as amended, and Chapter 275, Laws of Washington, 1943, as amended, and the repayment contract of October 9, 1945, as amended, between The United States of America and the Quincy Columbia Basin Irrigation District, I hereby revise the farm unit plat of Irrigation Block 87, dated September 9, 1953, by (1) Replacing the General Map sheets of that plat with the General Map sheets of this plat and (2) Replacing supplemental sheet 15 of the plat revision filed September 2, 1958, supplemental sheets 17 and 24 of the of the plat revision filed August 10, 1959, supplemental sheet 4 of the plat filed August 5, 1960 and supplemental sheet 6 of the plat filed September 8, 1961 as revised, with sheets 1 through 5 respectively, of this plat.

IN WITNESS WHEREOF, I have signed this instrument this 11th day of September, 1962.

THE UNITED STATES OF AMERICA
THE SECRETARY OF THE INTERIOR

By M.B. Austin (Act)
Regional Director Region I, Bureau of Reclamation,
Boise, Idaho, pursuant to authority contained in
Departmental Order No. 2765, dated July 30, 1954,
and Commissioner's Order No. 34, dated October 6,
1954, as amended by Commissioner's Order No. 34,
Amendment 1, dated October 29, 1954, all as re-
corded in Volume 2T of Columbia Basin Documents at
page 699 records of Grant County, Washington.

STATE OF IDAHO)

County of Ada)

On this 11th day of September, 1962, personally appeared before me M.B. Austin, to me known to be the official of The United States of America that executed the within and foregoing instrument and acknowledged said instrument to be the free and voluntary act and deed of said United States, for the uses and purposes therein mentioned, and on oath stated that he was authorized to execute said instrument.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year first above written.

J.P. Welch
Notary Public in and for the State of Idaho,
residing at Boise.

My Commission expires: June 18, 1967

(SEAL)

CERTIFICATE

I hereby certify that this revised plat of Irrigation Block 87, Grant County, Columbia Basin Project, Washington, is based upon an actual survey and subdivision of Sections 1, 2, 3, 11 and 12, Township 16 North, Range 26 East, Willamette Meridian; Section 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 15 and 16, Township 16 North, Range 27 East, Willamette Meridian; Sections 25, 26, 34, 35 and 36, Township 17 North, Range 26 East, Willamette Meridian; Sections 29, 30, 31, 32, 33, 34, 35 and 36, Township 17 North, Range 27 East, Willamette Meridian; Sections 27, 28, 29, 30, 31, 32 and 33, Township 17 North, Range 28 East, Willamette Meridian; that the distances and angles are shown thereon correctly; that the monuments have been set and farm unit corners staked on the ground.
